RE: Miller Seal Coating & Striping

It had been several years since we had seal coated the parking lot of our office building. We had not been pleased with the previous job that had been done and were looking for another company. Josef Rud, a valued client of ours recommended Miller Seal Coating & Striping for whom he represents as a sales agent. We were very pleased with the bid that they gave us and the fact that they would accommodate us, doing the job on a weekend when our business was closed. They removed all the weeds that had grown up in the cracks and filled all of the cracks. They put on 2 coats of sealcoat & striped the whole parking lot in one weekend. We are very pleased with the work they did on our parking lot and we would highly recommend Miller Seal Coating & Striping.

Very truly yours,

Daniel J. Kramer
