“Guiding the Way to Better Oral Health”
FAMILY DENTISTRY

August 18, 2009

To Whom It May Concern:

This letter was prepared in order to state my satisfaction with the work performed by Miller Seal Coating & Striping. The property owners association I belong to hired this company in July of 2009 in order to recoat our parking lot. The work was done very promptly and extremely well. After 6 years and two construction projects later, our original parking lot coating was looking shoddy. Thanks to the work of Miller Seal Coating and Striping the lot looked better than new! I strongly recommend them to anyone considering recoating.

Sincerely,

Richard C. Rampi, DMD
President of the Venetian Pointe Property Owners Association
